

GNAA announces GNAA Floydtext™

CANDIDATE FOR IMMEDIATE PRESS RELEASE

GNAA spokesperson Gregory Floyd, embossed with his nigger seed and 5 liters of gay nigger induced diarrhea, enters the stadium, fully butt-booty naked. The crowd erupts in a sea of unwavering, implausibly powerful whirlwind of applause. One GNAA member takes his pants off and even starts furiously masturbating to the voluptuous curvature of the spokesnigger himself.

Gregory taps the microphone, and announces, "Fellow gay niggers of the GNAA. I have great news to announce." A brief pause. "Lately, GNAA agents and ubernigger operatives have been largely inactive due to a CIA forced indoctrination program called Highschool and University. We will not falter from such hostile acts. Therefore, after decades of GNAA scientists and gay nigger engineers creating the most stable, high-quality, corporate turnkey product, we unveil the power of Floydtext, in honor of my personal oxygen-less cousin George Floyd."

Curses at the CIA nigger Derek Chauvin were thrown by the GNAA members.

"Floydtext has the capability to deliver lightning-fast, Usain-Bolt powered, afro-nigger esque speed with its SMS capabilities, allowing a phone number to be entirely liberated within a minute. This will be our secondary method of helping us defeat the racist, disgusting, decadent CIA Zionists." Gregory demonstrates using his phone number. A mass verbal tsunami of messages imploded from his messages inbox. By this time, he was also almost done stroking his shaft, and out bursts a massive load of nigger-induced semen. One lucky gay nigga managed to lick its remains up.

Floydtext is in development by GNAA Incorporated.
